The 6 hour went off without a hitch and I thank you all for coming, running and helping in my first attempt at organising a race. We had to wait a while for it to get light enough for the scorers to see their runners, but they eventually got under way in cold conditions which prevailed for at least three hours.

Local man Aubrey Henricks, who lives almost within sight of the track, was a runaway winner with 75.474k. The man was a machine!.....he covered the marathon distance in 2-57-06 !!

It was a battle for second place but Tasmanian Simon Phillips eventually took that spot with 70.612k, and Malcolm Gamble third with 69.445k.

Michelle Thompson took out the women's trophy with 61.919k from Launceston's Debbie West on 44.052k.

It warmed up towards the end and the runners were glad to be given icy poles with an hour to go.

Thank you all once again. Hopefully word will get around that Tassie now has an ultra track race and the event will grow. Keep an eye on the Tasmanian racing calendar for next year's race !!

Davo.
